## LET US BE THANKFUL.

Governor Daniel L. Russell issues the Annual Proclamation.

Governor Daniel L. Russell on yesterday issued the following proclamation to the people of North Carolina: State of North Carolina, Executive Department, Raleigh, N. C., Nov. 3, 1899.

Whereas, the people of this republic have long been accustomed to set apart one day in each year as a day for public thanksgiving and rejoicing for the blessings of liberty and the gracious care of divine providence:

And, whereas, the year through which we have just passed has been one characterized by great industrial and civic prosperity;

And, whereas, it is fitting and proper that the people should turn aside from their usual employments and render thanksgiving and praise to All Mighty God for his manifold blessing to them.

Now, therefore, I, Daniel L. Russell, governor of the commonwealth of North Carolina, do issue this my proclamation, appointing and setting apart Thursday, the 9th day of November, 1899, as a day of public and general thanksgiving, and recommend to all our people that they lay aside the cares of their secular employments and assemble in their respective places of public worship to render thanksgiving and praise to God for the blessings of the past and to implore a continuation of his mercies to us as a people.

I recommend that at the several services held upon this day thus set apart, our people endeavor to remember their less fortunate fellow citizens who are dependent for the comforts of life upon the benefactions of public and private charity, by contributing of their means for the assistance of these unfortunate.

Done at our city of Raleigh, this 3rd day of November, in the year of our Lord one thousand eight hundred and ninety-nine, and in the one hundred and twenty-fourth year of our American Independence.

By the governor.

Daniel L. Russell, Governor.

Columbia, S. C., Nov. 2.—Mr. John Skelton Williams, president of the Seaboard Air Line, was in this city today examining the construction of the new line to connect the Florida Central and Peninsular with the Seaboard's main line. He is pleased with the progress made and is confident that the eighty miles of new road will be completed January 1st when the Seaboard's purchase of the Florida Central and Peninsular becomes of effect and that the Seaboard's trains will be run without delay.

## GREAT OVATION TO SCHLEY.

Five Thousand People Applaud Him as He Passes Through.

**MUSIC AND WILD CHEERS.**

The Admiral's Happy Words—"The Men Behind the Guns Deserve the Praise."

Greensboro knows how to honor a hero—the does the thing up in great shape.

The demonstration made here last night in honor of the passing through of Rear Admiral Schley en route to Atlanta was far greater than any ovation he received from Washington to his destination.

The south-bound fast mail on which the admiral was billed to come through was in two sections, the latter of which was due at 7:35. It bore him and his party, and was half an hour late, but the crowd waited in the cold night patiently. Long before the train was due people began gathering in the spacious waiting rooms of the depot which soon filled to overflowing. Anxious and enthusiastic throngs of men and ladies continued to arrive, packing the wide grandstand pavements and the plank flooring extending far up and down the railroad on either side.

Finally when the white blaze of 35's electric headlights bore in sight around the curve east of the city, the frosty air was split by thousands of cheers from the packed jam of humanity and inspiring crashes of martial music by the excellent Gate City Band. It is estimated that from three to five thousand people were there waiting to see the man whom all southerners and many northerners esteem greater than Dewey, and to grasp his hand.

As the rear car, a special pullman, stopped in front of the station, he emerged from among a bower of floral loveliness and came and stood on the platform, bowing upon every side with low and most courteous grace. It was several moments before he essayed to speak, so deafening was the applause. And as he stood before the thousands of upturned faces while in the electric light, he read his history plainly and he smiled, and we imagined we saw in his eye that pleased expression which lighted his fine orbs when with a coolly-placed cigar between his teeth he stood unconcerned on the bridge of the cruiser Brooklyn and noted American 13-inch shells crashing through Spanish armor under his direction, while Sampson and the flagship New York were ten miles in the misty distance.

With a rush like a whirlwind makes at a defenseless feather the people went at him. Men climbed over each other in their frenzied efforts to reach his hand, and for a while pandemonium ruled the scene.

When at last with soft beckonings of his hands he stilled the clamor, he spoke as follows:

"Ladies and gentlemen—I thank you all very much for the great honor you have afforded me this evening. The best possible speech that I could make to you was made on July 3rd, 1898. I think that I need not say anything else except thank you very much for coming out to see me. I do not deserve so much honor (cries "yes you do"). Honor is due to the men behind the guns and in front of the furnace; they enabled me to strike the blow for my people and my country; but for them we might have struggled in vain. But I will tell you this, the next time anyone wants to assert their differences with us, they will have to get better gunners than we have, and they are hard to find."

His words were few and unaffected, but the throng received them with great applause. Hats were thrown high in the air and beautiful women waved their tiny handkerchiefs and showered bouquets at the handsome hero of Santiago.

The crowd made another rush for his hands but the admiral's hands were tired and sore with wringing, and with another bow and a good-bye he went inside his coach, just as the engine bell rang and the train rolled away into darkness of the night.

It was a grand demonstration made by the patriotic men and women of our city and we doubt not that as long as he lives Admiral Schley will hold Greensboro in the pleasant remembrance.

**LOOK FOR RUSSIA TO ACT.**

Japanese Expect a Higher-Headed Course in Asia.

Advises from Yokohama, under date of October 14, were received here today by the steamer China, which arrived here.

The situation in South Africa was arousing the liveliest interest on the part of Japanese, the convention being strong among them that Russia will seize the opportunity to carry things in Northern Asia with an even higher hand than usual. In the meantime there is much the islanders have been making the Russian designs on Russian admirals recently visited, finding it just the place for the establishment of a dock yard and coaling station. An application made to the Korean government was readily granted, but meanwhile Japanese had bought practically the whole site from the Korean owners, and cannot now be disposed.

The Russians, as a counter move, are to demand an island midway between Masamp and Tushina. The latter island, commanding the channel, being now a strategic point of the highest importance to the Japanese.—San Francisco Dispatch.

## THE BRITISH ARE RESTING

On Their Arms at Ladysmith Waiting for the Boer Attack.

**THE GARRISON IS QUITE READY.**

Women and Children Have Left the Town—Big Artillery Fight Will Soon Occur.

By Wire to the Telegram.

New York, Nov. 4.—An Evening World special from Ladysmith, dated Nov. 1, says:

"The railroad southward from here has been interrupted, also the telegraph line to Durban via Colenso. A Boer command of 800 has been seen passing to the southward from Lambard's Kop. The big guns of the Boers are still in position. Others are probably mounted near at hand. There are no hostilities at present. The British consider Ladysmith impregnable. Four naval guns are mounted here, occupying strong positions. Further developments are awaited with confidence. British troops are full of fight. The Boers will meet with a warm reception if they attack the town, as the garrison is quite ready for them."

"The Boer loss at Reiofontein was 70 killed and 200 wounded."

The Evening World says the above dispatch, received today, is the first news direct from Ladysmith and settles all doubt that the British are hemmed in and that the Boers are now south of Ladysmith with the railroad and telegraph lines in their possession. Their guns are in position to shell the place.

**WOMEN AND CHILDREN LEFT.**

London, Nov. 4.—A dispatch from Pietermaritzburg yesterday afternoon says that all is quiet at Ladysmith. All the women and children have left the town, escorted by an armed train.

**SITUATION SERIOUS.**

**SEIZED THE BRIDGE.**

Coleburg, Dec. 4.—Free State Boers have seized the bridge at Naval Drift. BULLER'S TROOPS COMING.

London, Nov. 4.—J. D. Robinson, a South African millionaire, writes that Gen. Buller will be perfectly safe if he is still at Ladysmith and is not induced to come forth by the Boer tactics to draw him out. This is the expression of the universal hope but previous experience with Boer tactics leaves room for much uneasiness.

Buller's troops will begin arriving the latter part of next week.

**ALL THE BATTERIES SILENT.**

Durban, Nov. 4.—A message from Ladysmith today, dated Wednesday morning, the latest from the beleaguered army says: "All the batteries are silent. Not a single movement is perceptible on the Boer side."

**TO ATTEND THE WOUNDED.**

London, Nov. 4.—The Outlook announces that Lady Randolph Churchill is going to Cape Colony to attend the wounded.

**SICK OF THE WAR.**

**BRITISH EVACUATING COLENSO.**

London Nov. 4.—The war office announced this afternoon that the colonial office has received information that the British forces are evacuating Colenso and concentrating further south. There is no news of any engagement in that neighborhood.

He was bound over to criminal court in a \$100 bond in default of which he was sent to jail.

## FOR EXPANSION.

The Texas People Against Bryan on the Philippine Questions.

Special to the Telegram.

Washington, Nov. 4.—Judge T. W. Boswell, a well known gentleman of Texas, is in the city for a few days. Judge Boswell is here on personal business, and is making his headquarters at the Riggs House. In speaking of the political situation in Texas, Judge Boswell when seen stated that the larger part of the Texas people are not in accord with Bryan on the question of the retention of the Philippine Islands. The people of the State, he declared, are for expansion, and upon that issue can be depended upon to stand by the president. They favor a prosecution of the Philippine war, he stated, and her delegation in Congress can be depended upon to stand for these principles.

Notwithstanding this sentiment, the judge believes that the people of Texas are for Bryan for the presidency, being with him on the question of the free coinage of silver, and this they believe to be the real issue of the coming presidential campaign. He says there is not the slightest doubt but that the delegation to the convention will be for the re-nomination of the Nebraska.

Texas people coming to Washington say that Congressman Bailey is making a great fight for the seat in the United States Senate now held by Senator Chilton. His friends are working hard for him, and they believe that he will be elected by the legislature at the proper time. The friends of Senator Chilton, however, are also hopeful that the senator will be re-elected. He has the advantage of having made a good record while a member of the United States Senate, and he is in accord with the prevailing sentiment at the present time. Bailey, on the other hand, has made many enemies during his congressional service in the House, both in and out of Texas.

Mr. O. O. Stealy, the well known Washington correspondent of the Louisville Courier-Journal, and who is well versed with politics of the Blue Grass State is of the opinion that Goebel will be elected governor of Kentucky next Tuesday. He has authorized a wager to this effect of \$1,000.

The money has been placed in the hands of Gibbs & Company, well known brokers of this city who will negotiate the terms for Mr. Stealy. Mr. Stealy is well known in Washington among the newspaper fraternity, having resided here as Washington correspondent for many years, and his judgement is usually correct upon topics of a political nature. His friends always place much confidence in his statements. He is, however, an ardent democrat, but Mr. Stealy says that even were he a republican, he could not be blind to the fact that the democracy is coming out on top both in Kentucky and Ohio next week. Mr. Stealy is much pleased with the prospects of John R. McLean in Ohio, and he believes that both Ohio and Kentucky will have democratic governors in the near future.

The newspapers of this city are making arrangements to display election returns next Tuesday night. Returns will be displayed at the offices of the Washington Post, the Evening Star and The Times. Returns will be read at most of the theaters of this city and from many political clubs.

Almost as much interest is being felt in this year's elections as there was in the congressional elections last year. The results, it is believed, will be an index as to how the presidential election will result.

As recently requested of President McKinley by Booker T. Washington, there will be a negro exhibit at the Paris Exposition. The exhibit will include an exhibit of the industrial institution at Hampton, Virginia, and also of the students at Tuskegee, Alabama, and the Fisk and Vanderbilt universities.

Hon. Joseph Willard, it is announced, has withdrawn from the race for the democratic nomination for congress in the Eighth district to succeed the present member, Representative Rixey. General Eppa Hunton, formerly senator from Virginia, is in the city on legal business before the United States supreme court.

Mr. Powell lived by himself in a room over his store and had been murdered apparently while he slept. The cause of the killing is shrouded in mystery. The victim was a quiet, inoffensive man, with no known enemy. The fact that a considerable amount of money was found in his pocket tends to discredit the theory of robbery. The police, up to this time, appear to be completely baffled.

Mr. Powell came to Georgia several years ago from New Carolina. He has a sister and several brothers in Texas.

**Died While Flirting Love.**

Irvine Kiser, colored, called on his best girl, who cooks for Capt. Walsh, last night, and during the evening he died of heart disease. He has been a sufferer from this trouble for several years, and it is supposed that he was so moved by his passion that his heart became disarranged. Deceased was a well-to-do negro and owned some valuable property at High Point.

SATURDAY, NOV. 4, 1899.

In the morning newspapers of today the South African war had to give precedence to the Coney Island engagement.

And Funston is presented with a sword by the Koreans as a small token of their appreciation of him. An exclusive sword manufacturer in these days of conquest would be a paying industry.

"C" has a very sensible communication in today's Telegram on the question of the market house and public library. We think the sentiments therein contained will be endorsed by all thinking people of this community, who have the best interests and the pride of our loved Greensboro at heart.

Champion Jim Jeffries defeated Tom Sharkey at Coney Island last night. But it was an unfair scrap, the decision going to Jeffries on a technicality, therein bearing a likeness unto the Jubert-White affair at Ladysmith. As Jubert won on the mule principle, so Jeffries had to go "under the rules" to get his prize money.

The Chatham Record makes the following good point:

The opponents of the proposed suffrage amendment are very contradictory in their argument against its adoption. They "blow both hot and cold." In one breath they say that they oppose it because it is so unjust to disfranchise the negroes, and is also in violation of the constitution of the United States. And in the next breath they say that they oppose it because it will disfranchise both negroes and white men!

A dispatch from Washington announces that active measures for raising funds to purchase a home for Rear Admiral Schley were taken at a meeting of the Advisory Committee having the matter in charge there Thursday night. A district commissioner was selected as permanent chairman of the fund committee and a committee to devise ways and means to be attained the objects sought for was appointed. Many offers to contribute have already been received by those interested in the matter.

We haven't yet learned whether the admiral is going to accept "a home" if one is presented him. We hope he won't. Dewey's acceptance of the present from the people—while doubtless eminently deserving—has, if we mistake not, dulled the edge of the popular admiration for himself considerably.

### A POPULAR WIDOW.

"The Real Widow Brown" at the Academy Tonight.

The play of last night deserves to rank as one of the best comedies Charlotte has ever seen. "The Real Widow Brown" was the name—suggestive to those who attend the theatre often, of fun and laughter in the complications of life.

The play is comedy from first to last—comedy that is bright clever and sparkling. The laughter with which the house rang was a continued performance, so to speak. Every one laughed. Every one applauded. The hits came themselves so quickly that one had to be on the alert constantly. Mr. F. E. Beards' "Hiram Goodman" was capital. He could not have been improved upon. Mr. Charles Barington's imitations were superb. The dancing of the "Sisters Dolores" caught the crowd. They were wonderfully encoored. Their songs, impersonations and dress added much to the program.

The plot resolved itself into three acts, each of which was funnier than the other. "The Real Widow" proved a trump card when found and she swept the program.

The company has but one mission: to give fun. As a fun giver it is a grand success—Charlotte Observer.

Don't fail to see the "Real Widow Brown" at the Academy of Music tonight.

### The Holiness Meeting.

Evangelist Hynes preached to a crowded tent last night, on the subject "Cry of a Backslider." Psalms 51:7. The altar service was the climax service of the meeting. About forty went to the altar and about half that number received pardon and purity. Go to the help of the Lord against the mighty, for God is honoring this work and it cannot be denied.

Services to-night at 7:30. Three services tomorrow at 11, 3 and 7:30. Rev. Cecil preaches tonight and tomorrow at 11 and 7:30.

## THE PUBLIC LIBRARY.

We Must Not Allow So Important a Question to Drop.

Editor Evening Telegram:—I feel that the reason so little has been said on the merits of a municipal building with either a market or public library attachment is from no lack of interest or well formulated opinion on the subject, but simply that the public sees no immediate necessity for considering the matter. To be sure, it will be some months before the new jail can be built and the old one removed, and enthusiasm on the subject may be premature; still if we allow it to drop, we may find it again only when some Saturday's paper announces to us the fact that the board of aldermen have, the night before, settled the matter in a way which the majority of citizens would regret. Let us consider the question until expression of opinion be called out from all classes of people.

The municipal building will be an added attraction to our principal street unless the market be in connection with it. In that case the old inseparable from the cleanest and best kept market house and the delivery wagons crowded around the place would make it both unpleasant and unsightly. The present market house, if put in good condition, which could be done with no small expenditure, is well located, being central and accessible to all parts of the city.

If the city fathers would give the library a suitable room in the public building, it would give an impulse to the establishment and operation such as nothing else could do, and a good public library, in which the city government has an interest, would be an advertisement of inestimable value to the city, to say nothing of its intrinsic value.

Would it be a good plan to call for short communications from various classes of citizens on this subject, beginning first with the clergy, then with the educational profession, followed by the lawyers, doctors, merchants, manufacturers, tradesmen and laborers, and their wives and daughters. In this way every class could express itself fully and the consensus of opinion could be reached.

Very sincerely, C.

### DIAMONDS ARE DEARER.

One Effect of the Trouble in the Transvaal.

One of the most striking, though the least known, results of the Transvaal trouble has been the further aggravation of the already bad position of the diamond trade, says the London Leader.

The president of the Diamond Club (Mr. Bernhard Cohen) was good enough recently to give a Morning Leader representative a few facts in regard to the situation that has arisen. According to Mr. Cohen, some eighteen months back diamonds began to grow scarcer in consequence of the restriction of the output by the De Beers Syndicate. The restriction was the more effective because with the exception of a few from Brazil and India the bulk of the diamonds comes from South Africa. The inevitable result of this limitation was, of course, to send the price up fully 33 per cent. according to Mr. Cohen. The war, coming upon the heels of the De Beers action, and the cutting off of Kimberly altogether from the rest of the world has still further restricted the supply and driven the price up another 12 per cent., or 45 per cent. higher than eighteen months ago.

Naturally not a little shaking of heads has resulted among the jewelers and dealers in precious stones. Tempted by the high prices, the dealers have rushed to sell and realize the profits within their grasp. But in spite of these sales, the values have continued to rise, making the sellers heartily sorry they did not wait a little longer. One man who had all but clinched a bargain for £20,000 worth of rough stones was told the next day that if he then wanted the goods he would have to pay 6 per cent. more for them.

Needless to say, small dealers find their trade practically at a standstill, while the manufacturing jewelers, who were always full up with work, are almost completely idle—at all events, so far as commissions from diamond dealers are concerned. People, again, who used to come to London from Antwerp to sell their diamonds keep away for the very good reason that they have nothing to sell.

In subsequent conversation with members of the club the Morning Leader representative learned that good-class pearls had exhibited a similar slight upward-trending rise in price. The 100, 200 and even 300 per cent. in the last twelve months. This, however, has nothing to do with the war. It is merely a result of a pearl famine which has set in.

Nor is She Blind as the Reports Have Had It.

Charlotte, N. C., Nov. 3.—A rumor having gone abroad over the country that Mrs. Stonewall Jackson, widow of the distinguished Confederate general, is absolutely penniless, in want and hopelessly ill and blind, Mrs. Jackson said today to a representative of the Associated Press that these statements are very much exaggerated. It is true that she is not in affluent circumstances, but she has a competency and has always been above want. Her health is somewhat improved, and she is not blind, though still suffering from a painful disease, facial neuralgia. Appeals having been made all over the south for her relief, Mrs. Jackson is anxious that the true state of the case should be known, as she is unwilling to accept any donations except those offered as testimonials of love and admiration for her husband.

# HARRIS LITHIA WATER

## Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.  
An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the treatment of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,  
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of affections of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.  
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,  
Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,  
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are perfectly alterative and purgative. They are ever-ready to inflame or irritate surfaces. They act upon

the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether lithic or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.  
Walterboro, S. C.

Read what the noted Dr. Thomas S. Powell has to say for Harris Lithia Water:  
Mr. J. T. Harris:

Dear Sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its attendant evils, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more bene-

ficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully yours,  
Thomas S. Powell, M. D.  
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,  
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated.

In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most excellent remedy

in the uric acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,  
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,  
Pres. S. A. L. R. R.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Point Pleasant, W. Va., contracted a severe cold, which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.

### James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two or three half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E. Holton, Druggist.

"COUSIN SALLY'S" FRIEND  
Gets it in the Jaw Seriously—Wild West Man the Aggressor.  
SI Hoskins, the bearded farmer-looking fellow who rendered himself so obnoxious and ridiculous at the depot last night while the crowd was waiting for Schley's train, got into a more serious trouble today than he ever experienced from a rolling-pin in the hands of Samanth. The trouble grew out of alleged intimacy with the wife of J. H. Higley, the manager of the Wild West Show that is exhibiting in the city today. The men met in front of Flaherty's store about 12 o'clock. Higley seemed to be hunting for Hoskins and without a word assaulted him with fury. Hoskins received quite a severe wound on the face, which was afterwards dressed by a physician at Holton's drug store. Higley gave \$10 bond for his appearance at the mayor's court this afternoon.

Forgiveness of Sin.  
Dr. S. M. Smith preached a forceful and eloquent sermon at the revival at First Presbyterian church last night. His text was: "There is forgiveness for thee that thou mayest be feared." The speaker took up the scriptural phrases to set forth the truth of forgiveness and dwell upon the promises of God for the immediate, complete and unchangeable forgiveness of sin. Services were held at 3 o'clock this afternoon but there will be no service tonight. Preaching tomorrow at 10:30 a. m. and 7:30 p. m. The meeting will continue throughout next week.

A Home Site Given Away.  
It is our purpose to have the largest sale of lots ever held in Greensboro on November 13th; at 2:30 p. m., on Vanhookin Sub-Division. One of the finest lots on Battle Ground Avenue will be given to the party who makes the largest purchase at this sale. This lot has a sign on it giving the particulars. Go out and see it before the sale.

We want, if possible, to sell 100 lots in two hours.

Our usual terms of 1-3 cash and balance in 6 and 12 months, with interest at 6 per cent. on deferred payments, will prevail. A discount of 5 per cent. will be allowed to all who wish to pay cash and take deed.

This will be our last auction sale of this property until next spring. Be on hand promptly at 2:30 p. m., Nov. 13th, and buy a home site at your own price.

Remember that not a by-bid will be allowed.

Charges have been preferred against Prof. Chas. L. Coon, superintendent of the graded school at Salisbury, many citizens outside of the committee being present. The principal allegation is that Mr. Coon ridiculed such books of the Old Testament as Daniel and Jonah before the pupils. Nobody questions that he has made the white school more efficient than it has ever been before, but somehow he has rubbed a number of people the wrong way.  
A Card.
